

Date: Monday, June 4, 2018

Location: Massachusetts Institute of Technology, Cambridge, Massachusetts, USA

Reason: Workshop on economic and environmental impacts of scaling-up low-carbon energy technologies

Agenda

- 9:00-9:15 Introduction – Horacio Caperan
- 9:15-9:30 Overview of the Energy-at-Scale Project – Sergey Paltsev and Adam Schlosser
- 9:30-10:30 Low-Carbon Options in Power Generation and Industry
Panelists: Mei Yuan, Karen Tapia-Ahumada, Jessica Farrell, Christoph Tries
Moderator: Sergey Paltsev
- 10:30-11:00 Networking Break
- 11:00-12:00 Reducing Emissions in Transportation
Panelists: Abbas Ghandi, Paul Kishimoto, Sergey Paltsev
Moderator: Henry Jacoby
- 12:00-13:00 Lunch
- 13:00-14:00 Environmental Impacts of Scaling-Up Energy
Panelists: Adam Schlosser, Rich Swanson, Xiang Gao
Moderator: Anne Slinn
- 14:00-14:45 Impacts of Policies to Reduce Emissions
Panelists: Henry Jacoby, Kirby Ledvina, Emil Dimantchev
Moderator: Jennifer Morris
- 14:45-15:00 Vitamin Break
- 15:00-15:45 The Future of Oil, Coal, and Natural Gas
Panelists: Sergey Paltsev, Jennifer Morris, Henry Chen
Moderator: Horacio Caperan
- 15:45-16:00 Closing Remarks – Sergey Paltsev and Adam Schlosser

Attendance at the Energy-at-Scale Workshop is by invitation only. Questions about workshop? Contact Sergey Paltsev at paltsev@mit.edu
